January 17, 2026, directors and their partners met at Howard Shearer's home in Mississauga for their annual dinner party—a fabulous evening of laughter, camaraderie and first class Caribbean food.

**Shaun Wilson (STGCAAO President):**  
My view of the Association is based on what I have learned from the previous presidents and directors over the past three decades. I am walking in the footsteps of giants before me. I am humbled and honoured to be put into this roll. What we have here is one of the most dynamic, caring and appreciative group of men who want to give back to their school. AMDG

**Gary Thompson (Membership Director):**  
An amazing experience anchored in the classic hospitality of Howard and Donna, motored by the spirits, enthusiasm and great character of a group of men and women like none other.

Great start to the year upward and onward....With humility, compassion, wisdom and prayer we will achieve.
